

Investing for Success

**Under this agreement for 2022
Osborne State School will receive**

\$11 744

This funding will be used to

Improve student A to C level of achievement in English through, high yield pedagogical practices and targeted support to meet the learning and wellbeing needs of every student.

Our initiatives include

Implement Osborne State School collaborative Inquiry Cycles to ensure the learning and wellbeing needs of every student is met through:

- Regular analysis and discussion of data
- High yield/ evidence-based inclusive strategies pedagogies for teaching reading, writing and higher order thinking skills in units
- Case management meetings

Our school will improve student outcomes by

Employing an additional teacher to support the implementation of Osborne State School Inquiry Cycles.
\$11 744
